ABOUT US

Pro Energy Trade Group (PET) was created by a group of professionals focused on fulfilling the current oil industry market needs. Each one of our partner members has his own specific expertise in oil industry and highly specialized know-how acquired through substantial experience.

Pro Energy Trade Group's mission is to grow into a worldwide leading upstream oil and gas company with long-term financial benefits, for itself and its clientele. Pro Energy Trade Group plans to increase the volume of trade partners and its global influence. We plan to build a portfolio of core areas which provide long-term growth opportunities, and we put emphasis on long-term growth of our business and that of our partners.

Pro Energy Trade Group has to offer its clients a real deal with reliable title holders/sellers, all through contracted representatives. The contracted Representatives of the title holders/sellers are our direct partners we have been working with for a very long time (since our beginning of dealing with petroleum products), and have been carefully selected based on their reliability and integrity.

For the current year, the contracted Representatives are continuing their work with their partner Title Holders/Sellers to make the process of requesting and obtaining refined fuels or crude oils just as well. Through our contacts we are dealing directly with **Rosneft, Lukoil, Gazprom, MOL, NNPC** etc.

Pro Energy Trade Group and its Contractual Mandates are all oil industry-approved, certified and licensed.

Pro Energy Trade Group focuses primarily on JP54, D2, M100, LNG, LPG, Crude Oil, petroleum and distribution industries.

Pro Energy Trade Group is ready, willing and able to start the business of brokering and mandating the sale of oil products of Russian or other origin with any and all interested Companies directly and immediately.

PET Group's main offices are located in Chicago, Illinois, USA. The company also has another two subsidiaries, in Belgrade, Serbia (South Eastern Europe) and Stockholm, Sweden.

Pro Energy Trade, Inc. is a company that also designs and implements wind farms as well as solar panels.

MISSION STATEMENT

- Supporting an aggressive preferred procurement and service delivery support structure to all interested parties worldwide.
- Business environment, ensuring continuity of income stream for numerous emerging businesses.
- Our relationships are aimed at being honest, professional and result orientated
- Be flexible on access, active in redress, and rigorous on success
- Value and promote the contribution that all our members make to realizing our Mission
- Take excellence as the benchmark for all we do

OUR MOTO: WE MOVE ENERGY

CORE VALUES

Integrity: We believe that all decisions are made with integrity, being honest with self and with others.

Exceptional Customer Service: We believe that customers can and will take notice of and appreciate great, caring service. We base our efforts on this foundation.

Care, Concern and Respect for our Employees: We believe we have nothing of greater value than our people. We value the demonstration of respect for the uniqueness of every individual and believe that such an attitude will build a team of confident, creative members possessing a high degree of initiative, self-respect, and self-discipline.

Continuous Improvement: We believe in not accepting the status quo; we believe in the value of ongoing training in any form. We believe in providing opportunity for personal, professional, and organizational growth and innovation for our people and our company.

Responsible Individual Initiative: We believe there is no place for mediocrity and half-hearted efforts. Therefore, we accept personal and professional responsibility, accountability and authority for our products and services.
